## 4. Fógra Foriarratais in ainm an Comh.Malcolm Noonan dar dáta 1<sup>st</sup> September 2019 Notice of Motion in the name of Cllr. Malcolm Noonan received 1<sup>st</sup> September 2019

" That Kilkenny Municipal District Council request that the roads section of Kilkenny County Council would introduce 80kph speed limits on the entire network of the Kilkenny Ring Road with 60kph reduced speed limits on approaches to each roundabout. This motion recognises that due to exponential traffic growth on the ring road and the dangers posed to Vulnerable Road Users (VRUs); pedestrians and cyclists in particular, that the ring road network has become increasingly dangerous and that speed limits of 100kph are in fact excessive and posing a risk to all users of the network. Reducing speed limits can also contribute positively to addressing climate change at a local level by reducing vehicle emissions and particulate matter. This is a key responsibility of Kilkenny County Council having declared a climate and biodiversity emergency."
